Resources 24/7

The Talbot Research Library provides a wide range of services in addition to a variety of online and print resources. You can access most of our resources anytime from our web site at www.fccc.edu/library.

Books

Search for both print and e-books in Koha, our online catalog by clicking "Find a Book" on the Library's web site. We also have access to electronic book collections such as Safari Tech Books, MDConsult, AccessMedicine, and Books@OVID which contain key medical, nursing, and pharmacy texts.

Journal Articles

Article databases such as PubMed, ProQuest Nursing, and Web of Knowledge provide citations and many full-text articles. We also subscribe to a variety of electronic journals located under "Journal Holdings" on our web site.

LibGuides

LibGuides are subject-specific, custom web pages by Talbot librarians offering one-stop-shopping for online resources. We can create unique guides based on your individual or departmental information needs. Visit <http://libguides.fccc.edu>.

Remote Access

Most of our resources can be accessed from off-site. All you need is your FoxNet user ID and password. Please let us know if you have problems accessing resources.

Research Help

Can't find what you need? Our expert searchers can help! Simply fill out the Search Request form on the library's web page. You may also stop by, call, IM, or email us with your questions. Just click on "Ask Us."

Alerts

We can help you stay on top of new literature and news. Tell us what your interests are, and we will create customized email alerts and RSS feeds. We can also meet with you one-on-one to show you various strategies for staying on top of information.

Document Delivery

If you can't find what you need in our print or online collection, we can order items for you from other libraries. Orders are charged back to your cost center. Rush delivery is available, for an extra cost. Request forms are available at the Reference Desk or through the Library's web page under "Document Delivery."

Instruction

Not sure how to search PubMed? Unfamiliar with EndNote? We provide one-on-one and group training on a variety of research tools and techniques in many areas. Contact any member of the Library staff, and we will be happy to customize training to fit your needs and your schedule.

A Place for You!

The Library is a great place to study, meet, or just relax. You may reserve our 10-person conference room or read in designated quiet areas. Our computer lab has 8 new PCs and an iMac for staff and visitor use. Access to printers, scanners, and copiers is also provided.

Archives

The archives contains an extensive collection of materials related to the history of Fox Chase Cancer Center. You may explore the collection by making an appointment with Beth Lewis at 215.728.2710.
